Warranty This is a liquidated product. Any pre-existing retail, wholesale or manufacturer warranties will not transfer with the sale of this Product unless expressly stated otherwise.

Description

FLUID-DRIVE hydraulic powertrain reduces metal on metal contact within the tool, delivering quieter operation, smoother performance and increased durability over a standard impact, Longer sustained torque delivers similar drive times in application as most 12-Volt impact drivers. Up to 2X quieter operation makes this tool ideal for occupied spaces. Compact head length and compact battery footprint gives more access than competitive impact drivers.

This is a liquidated product. Any pre-existing retail, wholesale or manufacturer warranties will not transfer with the sale of this Product unless expressly stated otherwise.
