

Sale Name: Howard Equipment & Tools - 605 North Sanford Rd., Deposit, NY - July 17th

LOT 6 - Massey Ferguson 165 - See Details

Description

We jumped it across the solenoid and it started right up. Here's my critique: Engine runs well & oil looks good. PTO works. 3 Pt. Hitch DOES NOT. The multi-power has been removed - it will free wheel down hill. All gears seem ok. Has brakes. Power steering works but gets stiff at the extremes. The tires are like new. Again, no multi-power and 3 point hitch doesn't work.

Quantity: 1
